

# Cellphone Rules on Ice

Effective February 1, 2024

Similar to distracted driving, we are starting to see **Distracted Figure Skating**. For the **safety of our Skaters & Coaches**, we will be implementing the following rules:

- ❖ Only Coaches and Social Media Manager can use cellphones to take pictures or videos on the ice.
- ❖ Skaters are allowed to bring their phone with them on the ice, but must leave it on the benches and step off the ice to use it. Please do not leave cellphones on the boards.
- ❖ If a Skater's Coach is not present and a Skater needs to film on-ice for training purposes, the Skater must get permission from the session convener.
- ❖ These rules are reflected in the Skaters & Parents Code of Conduct.
- ❖ If we are jeopardizing your career aspirations of being an Influencer, please make sure to have your coach send you the videos. However, do not post anyone besides yourself in the video.
